You will see the extension - the miles of it, then enough. These events made Ulysses obsessed with history and symbols and especially how individuals can impact the first and effectively become the second. If you are on the NCR side (or killing Cés and not failing you do not step on the bear!), When speaking with Ulysses through Ed-and for the first time, he will refer to the two head bear Not being the first American historic symbol. $\hat{A} \in \hat{a} \in \hat{a}$ the current flag of the real california world, the bear flag revolt in 1846, which is the same as the NCR flag, but the bear has a head inscription is "repA\(\frac{9}{8}\) Caliphan "RNIA" instead of "New Republic of Califan" RNIA" instead of "New Republic of Califan" RNIA". In that time, you saw the road with your eyes facing east. Of course not! Or that there were seven messengers, but six of them carried garbage? It will not convince a deaf with words.
